

Maryland's Green Author Visits Guilford Elementary School!

On February 23, Maryland's Green Author Jennifer Keats Curtis will be visiting our students to talk about ospreys, turtles, and other bay creatures! Jennifer has penned numerous stories about animals, including Children's Choice Book Award Winner **Kali's Story: An Orphaned Polar Bear Rescue** and the new rhyming fiction, **Trudy the Tree Frog**. To celebrate our reading efforts, Jennifer has reduced the prices of her books for our students. (Tax is included in the price.) To purchase books, please return this form and payment to your child's teacher by **February 19**. For information about the author, please visit www.jenniferkeatscurtis.com.

FICTION

Maryland's state reptile, the diamondback terrapin, is laying eggs in sandboxes rather than on their usual nesting site—the beach. Based on the terrapin head-starting program that takes place right here in our state. *ASPCA Henry Bergh Finalist*.

Delight in the tale of a family who help a Great Horned Owllet that has fallen out of his nest. Inspired by Maryland rehabilitator Kathy Woods, illustrator Laura Jacques received the *DaVinci Eye Award* for her stunning artwork.

Join a boy and his biologist dad as they save a baby bay bird from certain death. Inspired by local biologist Peter McGowan.

Museum.

Follow the exciting tale of a young lacrosse player who helps an abandoned otter pup. Based on Squeak and Bubbles, otters that reside at Maryland's Calvert Marine

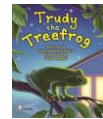

When a baby squirrel falls from his nest during a football game, the players call a timeout to help the furry mammal.

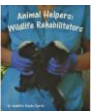

SB&F Prize For Excellence in Science

One spring night, a girl and her scientist dad participate in "Salamander Night." Follow along as the girl relates the tale through her own illustrated, photographic journal. *Commended read AAAS/ Subaru*

NEW! This fun rhyming tale follows Trudy the tree frog who is happy sleeping outside until she spies cozier quarters inside.

NONFICTION

When wild animals get sick or hurt, wildlife rehabilitators come to the rescue. Features Maryland rehabilitator Kathy Woods and a local biologist rescuing a raptor. *Kansas State Reading Circle Catalog of Best Books*.

What happens to exotic pets when owners can no longer care for them? Go "behind the scenes" to learn more. *NSTA Recommended*.

Go behind the scenes with these animal helpers, including those at our beloved Maryland Zoo. *NSTA Recommended*.

Stay dry while visiting aquatic animals from around the world, including those at our own National Aquarium). *NSTA Recommended*.

Even powerful birds of prey can get sick or hurt. Learn how raptor experts rescue and treat these injured, sick, and orphaned birds. *NSTA Recommended*.

Follow the rescue of an orphaned polar bear to his new home. *Children's Choice Book Award winner. Children's eBook Award bronze award*.

Evocative language and shimmering illustrations tell the story of the seahorse's amazing life. A Maryland biologist and middle school student contributed research. *2013 NSTA/CBC Outstanding Science Trade Book*.

Gorillas using iPads, lemurs finger painting, squirrel monkeys blowing bubbles...primates are smart! Learn some of the ways humans are teaching new skills to their primate cousins. *NSTA recommended*.

After a huge wildfire roared through Alaska, firefighters rushed to the rescue. With no wolf parents to help, zookeepers and vets made sure the babies grew into a healthy, happy pack. *NSTA recommended*.
